SDA SWATCH COLLECTIONS

Created by SDA members, Swatch Collections include over 250 sample textiles in three separate collections. Each collection contains unique samples. Swatches are 12" x 12" and reflect the full range of surface design techniques.

Members can view or download Swatch Collection PowerPoint Presentations by [Logging in HERE](#)

TO REQUEST A SWATCH COLLECTION

Regional groups and individuals can request one of the Collections to review, or to display at regional meetings or workshops. Samples can be hung, or circulated for in-depth scrutiny.

Contact the Swatch Collection Administrator at swatch@surfacedesign.org.

The administrator will arrange for shipping a collection to you. The Collection can be kept until someone else requests it and comes with instructions for return shipping.

RESPONSIBILITIES

Protect the collection. Samples are not available to keep or sell. Swatch Collections belong to the SDA community and are archived. It is never permissible to take a sample from the collection.

The person who requested the Collection is responsible for return shipping by Priority Mail using a large US Mail pre-paid box. (about \$20 within the US; Canadian and International rates will vary). Follow the return shipping instructions carefully.

ADDING SWATCHES

Members can add swatches. The swatch must be 12" x 12" with bound edges and the artist's name and techniques used on a card attached to the back of the sample. Contact the Swatch administrator to arrange shipping.

If you have questions or would like to contact the Swatch Collection Administrator, write to her at swatch@surfacedesign.org.
